

How to Invite a User into a Workspace

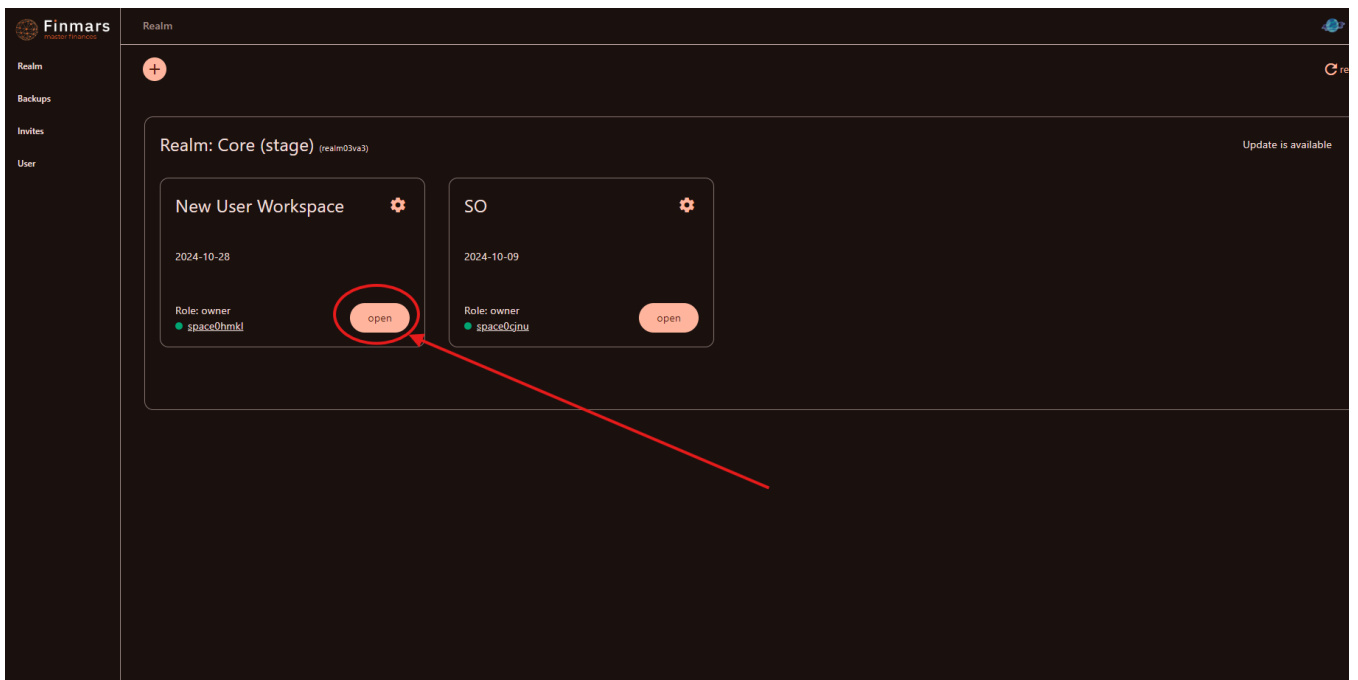

Prerequisites

We assume you have all prerequisites you may need, including:

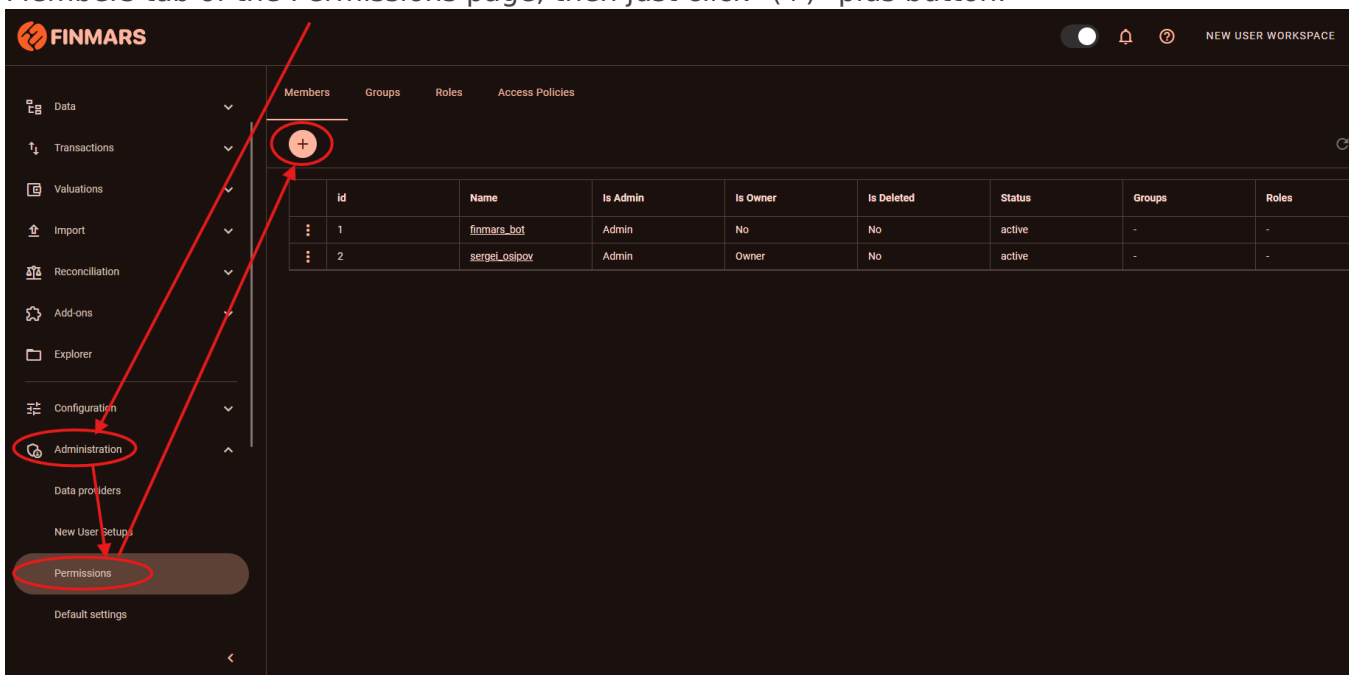

1. If needed: the VPN is configured to access the Finmars resources
2. If needed: access to the Virtual Machine to work with the sensitive information
3. Must have: registered in Finmars in the needed region environment (self-registered or registered by Finmars)
4. Must have: having permissions set to allow continue with the Action in the Guide
5. Must have: to create a new Workspace you must have a License Key (provided by Finmars)

Inviting a User into a Workspace

1. Ask the the User to sent you their Username.
 1. They can find their Username in the upper right corner of the Profile page
 2. That is the exact Username they use as a login
 3. Please refer to the [How to get Access to the Workspace](#) (points 1-3)
2. Go to the Profile page and click "Open" button on the card of the needed Workspace (you must have an access to the Workspace)

- You will be redirected to the Home page of the Workspace. You need to use the navigation menu on the left side: Administration -> Permissions, - you will be redirected to the Members tab of the Permissions page, then just click "(+)" plus button.

- You will be redirected to the Add Member page
