

How to Update Finmars

- [Updating Guide](#)

Updating Guide

Here is short guide of how to update Finmars.

Warning: Do backup before doing update!

1. **Connect to your VM**
2. Go to Finmars Directory

```
cd /opt/finmars
```

3. Stop your Finmars server

```
make down
```

4. Update community repo

```
git pull
```

5. Run update

```
make update-versions
```

6. Apply changes

```
make up
```

Well done!
