Register AWS Account

Here is a simple, step-by-step guide to make an AWS account:

1. **Open your web browser**
   (for example: Chrome, Firefox, or Edge).
2. **Go to the AWS website**

   Type aws.amazon.com in the address bar and press Enter.
3. **Start the sign-up**
   Click the **“Create an AWS Account”** button at the top right.
4. **Enter your email and name**
   - In the first box, type your email address.
   - In the box below, type a name for your account (you can use your name or any name you like).
5. **Choose a password**
   - Make a password you can remember.
   - Re-type it to confirm.
6. **Fill in your contact details**
   - Select **“Professional”** or **“Personal”** account.
   - Type your full name, phone number, and address.
   - Click **“Continue”**.
7. **Add payment information**
   - AWS needs a credit or debit card to verify you.
   - Type your card number, month/year, and name on card.
   - Click **“Verify and Add”**.
8. **Confirm your phone number**
   - Choose your country code and type your phone number.
   - Click **“Send SMS”**.
   - You’ll get a text with a code. Type that code into the box.
9. **Pick a support plan**
   - You can choose the **Free Tier** plan (it has no monthly cost).
   - Click **“Continue”**.
10. **Finish and sign in**
    - After a few minutes, AWS will finish setting up.
    - Click **“Sign In to the Console”**.
    - Enter your email and password again.

You now have an AWS account! □□
You can log into the AWS Console and start using services.

Go to next step: Register Domain Name
