

Register AWS Account

Here is a simple, step-by-step guide to make an AWS account:

- 1. Open your web browser**
(for example: Chrome, Firefox, or Edge).
- 2. Go to the AWS website**
Type aws.amazon.com in the address bar and press Enter.
- 3. Start the sign-up**
Click the **“Create an AWS Account”** button at the top right.
- 4. Enter your email and name**
 - In the first box, type your email address.
 - In the box below, type a name for your account (you can use your name or any name you like).
- 5. Choose a password**
 - Make a password you can remember.
 - Re-type it to confirm.
- 6. Fill in your contact details**
 - Select **“Professional”** or **“Personal”** account.
 - Type your full name, phone number, and address.
 - Click **“Continue”**.
- 7. Add payment information**
 - AWS needs a credit or debit card to verify you.
 - Type your card number, month/year, and name on card.
 - Click **“Verify and Add”**.
- 8. Confirm your phone number**
 - Choose your country code and type your phone number.
 - Click **“Send SMS”**.
 - You’ll get a text with a code. Type that code into the box.
- 9. Pick a support plan**
 - You can choose the **Free Tier** plan (it has no monthly cost).
 - Click **“Continue”**.
- 10. Finish and sign in**
 - After a few minutes, AWS will finish setting up.
 - Click **“Sign In to the Console”**.
 - Enter your email and password again.

You now have an AWS account! ☐☐

You can log into the AWS Console and start using services.
